

Celebration of Life

There is a new dawn in Christian and Jewish partnership and brotherhood.

Christians can play a powerful role in saving lives in Israel by supporting Magen David Adom, Israel's national emergency medical services organization.

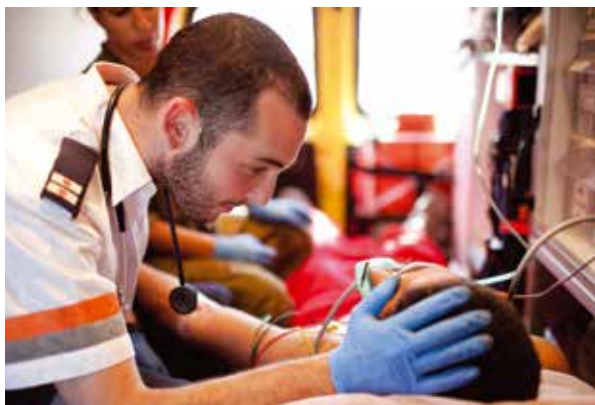

Because Israel has been the target of wars and terrorist attacks, Magen David Adom has emerged as the world's most experienced mass-casualty response organization in the world, and a leader in emergency medical services – much to the benefit of Christians, Jews, Muslims and everyone in Israel.

Magen David Adom is a not-for-profit NGO

By making a gift to support its work, you're blessing Israel, saving lives, and fulfilling the biblical mandate of Genesis 12:3.

Get involved with CFMDA

Join Christians around the world to:

- Save lives in Israel
- Fulfill the biblical mandate to bless Israel
- Make sure MDA is equipped for emergencies
- Serve all humanity, Jews, Christians, Muslims

MDA STATS

- Average response time is 3.4 minutes
- 84% of MDA's staff are Volunteers
- Over 14,885 highly trained volunteers
- Only 7% of funds come from the government
- 124 Stations throughout Israel
- State of the art Command and Control System
- Online Medical Supervision

God is doing great things for His people

Israel will not be alone, and as Christians, we stand with God to affirm that. We will not tolerate a world without Israel, because we need to support the root, because the root supports us. There is no more direct way to show this support for Israel than the ministry of Magen David Adom, preserving Israel physically so Israel can continue to thrive spiritually.

Prayer in Action MDA operates as an integral part of the Israeli scene in helping the needy and the sick, caring for the wounded and injured, every day of the year; rescuing victims of accidents, terror and wars, educating generations of volunteers and blood donors, and making the public aware of the importance of saving lives.

It is a **privilege** to work with MDA to help save lives in the Holy Land.
